### **EXAMINER'S AMENDMENT**

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Robert McDermott on September 1, 2004.

The application has been amended as follows:

In claim 1, line 2, "display component" has been changed to --display element--

In claim 3, line 2, "display component" has been changed to --display element--

In claim 3, line 8, "display components" has been changed to --display elements--

In claim 4, line 2, "display component" has been changed to --display element--

In claim 4, line 8, "display components" has been changed to --display elements--

In claim 11, line 2, "display component" has been changed to --display element--

In claim 11, line 5, "display component" has been changed to --display element--

In claim 14, line 1, "display component" has been changed to --display element--

In claim 35, line 1, "display component" has been changed to --display element--

In claim 37, line 1, "display component" has been changed to --display element--

***Allowable Subject Matter***

The following is an examiner's statement of reasons for allowance: examiner reached an agreement with applicant's representative amending the claims to substitute the term "display component" with the term "display element". The term "display component" was not defined in the specification, however, the term "display element" is clearly defined in the specification (see page 7) as an element giving the actual display function, and therefore not an element formed on an external substrate like the external display drivers on a circuit board.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

***Conclusion***

Any inquiry concerning this communication or earlier communications from the examiner should be directed to David Chung whose telephone number is (571) 272-2288. The examiner can normally be reached on Monday-Friday from 8:30 am to 5:00 pm.
